Regional Studies on Rate of Tooth Development (some repetition with above list)

French- Canadian (Demirjian et al 1976)

Demirjian, A. and Goldstein, H. (1976) New systems for dental maturity based on seven and four teeth. *Ann Hum Biol*, **3**, 411-421.

Australian (Blenkin, 2009)

Blenkin, M. (2009) Forensic Odontology and Age estimation: An introduction to concepts and methods. VDM Verlag, Saarbrücken

African Negroids Native Americans (Tompkins, 1996).

Tompkins, R.L. (1996) Human population variability in relative dental development. *Am J Phys Anthropol*, **99**, 79-102.

Negroid & Caucasoid South African (Cherktow, 1980).

Cherktow, S. (1980) Tooth mineralization as an indicator of the pubertal growth spurt. *Am J Orthod*, **77**, 79-91.

American whites & Arikara (native American) (Owsley and Jantz, 1983).

Owsley, D. and Jantz, R. (1983) Formation of the permanent dentition in the Akira Indians: timing differences that affect dental age assessments. *Am J Phys Anthropol*, **61**, 467-471.

African-Americans, mid-south European-Americans (Harris and McKee, 1990).

Harris, E. and McKee, J. (1990) Tooth mineralization standards for blacks and whites from the middle southern United States. *J Forensic Sci*, **35**, 859-872.

African-American and European-American, (Loevy, 1983a).

Loevy, H.T. (1983) Maturation of permanent teeth in black and Latino children. *Acta Odont Pediatr*, **4**, 59-62.

Caucasian Americans, Japanese and Chinese Americans (Maki et al., 1999).

Mäki, K., Morimoto, A., Nishioka, T., Kimura, M. and Braham, R.L. (1999) The impact of race on tooth formation. *J Dent Child*, **66**, 353-356.

Australian Aborigines (Fanning and Moorees, 1969).

Fanning, E. and Moorees, C. (1969) A comparison of mandibular molar formation in Australian Aborigines and Caucasoids. *Arch Oral Biol*, **14**, 999-1006.

Caucasian UK (Liversidge et al., 1999).

Liversidge, H.M., Speechly, T. and Hector, M.P. (1999) Dental maturation in British children are Demirjians standards applicable? *Int J Paediatr Dent*, **9**, 263-269.

Somali (Davidson and Rodd, 2001)

Davidson, L.E. and Rodd, H.D. (2001) Interrelationship between dental age and chronological age in Somali children. *Community Dent Health*, **18**, 27-30.

South-west Germany (Frucht et al., 2000).

Frucht, S., Schnegelsberg, C., Schulte-Mönting, J., Rose, E. and Jonas, I. (2000) Dental age in southwest Germany. A radiographic study. *J Orofac Orthop*, **61**, 318-329.

China (Davis and Hägg, 1994).

Davis, P.J. and Hägg, U. (1994) The accuracy and precision of the Demirjian system when used for age determination in Chinese children. *Swed Dent J*, **18**, 113-116.

Southern India (Koshy and Tandon, 1998)

Koshy, S. and Tandon, S. (1998) Dental age assessment: The applicability of Demirjians method in South Indian children. *Forensic Sci Int*, **94**, 73-85.

France (Chaillet et al., 2004

Chaillet, N. and Demirjian, A. (2004) Dental maturity in South France. A comparison between Demirjians method and polynomial functions. *J Forensic Sci*, **49**, 1059-1066.

Belgium (Willems et al., 2001),).

Willems, G., Van Olmen, A., Spiessens, B. and Carels, C. (2001) Dental age estimation in Belgian children: Demirjians technique revisited. *J Forensic Sci*, **46**, 893-895.

Norway (Nykanen et al., 1998)

Nykanen, R., Espeland, L., Kvaal, S.I. and Krogstad, O. (1998) Validity of the Demirjian method for dental age estimation when applied to Norwegian children. *Acta Odontol Scand*, **56**, 238-244.

Finland (Nyström, 1986). (Nyström, 1988)

Nyström, M. (1986) Dental maturity in Finnish children, estimated from the development of seven permanent mandibular teeth. *Acta Odontol Scand*, **44**, 193-198.

Nyström, M. (1988) Comparisons of dental maturity between the rural community of Kuhmo in northeastern Finland and the city of Helsinki. *Comm Dent Oral Epidemiol*, **16**, 215-217.

Brazil (Eid et al., 2002).

Eid, R.M.R., Simi, R., Friggi, M.N.P. and Fisberg, M. (2002) Assessment of dental maturity of Brazilian children aged 6 to 14 years using Demirjians method. *Int J Paediatr Dent*, **12**, 423-428.

Sweden (Hägg and Matsson, 1985; Staaf et al., 1991; Teivens and Mörnstad, 2001a)

Hägg, U. and Matsson, L. (1985) Dental maturity as an indicator of chronological age: the accuracy and precision of three methods. *Eur J Orthod*, **7**, 25-34.

Staaf, V., Mörnstad, H. and Welander, U. (1991) Age estimation based on tooth development: a test of reliability and validity. *Scand J Dent Res*, **99**, 281-286.

Teivens, A., Mörnstad, H and Reventlid, M. (1996) Individual variation of tooth development in Swedish children. *Swed Dent J*, **20**, 87-93.

Korea (Teivens, A. and Mörnstad, H.A. 2001)

Teivens, A. and Mörnstad, H.A. (2001) Comparison between dental maturity rates in Swedish and Korean populations using a modified Demirjian method. *J Forensic Odontostomatol*, **19**, 31-15.

Mid-south USA & mid-west USA (Mappes, 1992).

Mappes MS (1992) An example of regional variation in the tempos of tooth mineralization and hand-wrist ossification. *American Journal of Orthodontics & Dentofacial Orthopedics* 101:145-151.

Chicago (Loevy 1983).

Loevy, H.T. (1983) Maturation of permanent teeth in black and Latino children. *Acta Odont Pediatr*, **4**, 59-62.

Maori & Pacific Islanders (Te Moananui et al. 2008)

TeMoananui, R., Kieser, J.A., Herbison, P. and Liversidge, H.M. (2008a) Advanced dental maturation in New Zealand Maori and Pacific Island children. *Am J Human Biol*, **20**, 43-50.

TeMoananui, R., Kieser, J.A., Herbison, P. and Liversidge, H.M. (2008b) Estimating age in Maori, Pacific Island, and European children from New Zealand. *J Forensic Sci*, **53**, 401-404.
