"I attended the two day workshop presented by Anna Davey and found the insight and real court room experience to be invaluable. I went into the court room to present evidence more aware of the process which allowed me to deliver my evidence in a professional and helpful manner to the court. I thank you Anna for giving me the tools and wisdom of your experience. I would definitely recommend this course and have done so to many of my colleagues."

Engineer

"I just wish to express my very sincere thanks to you for a very well organized and a very valuable workshop. I learnt so much. The collaborative interaction and learning experience that each of us learners had was really good. The interaction that we had with the legal professionals and yourself and the guidance given to each one of us was very inspiring. I found it quite fascinating how the time was taken to guide and give attention to each attendee. I really valued this very highly. Each one of us was made to feel special."
